

THE RV SPRING AWAKENING: 5-MINUTE QUICK CHECKLIST

Inspect. Maintain. Enjoy Your Spring Trip!

1. POWER TRAIN & SAFETY

- Check engine oil, coolant, transmission fluid levels.
- Inspect engine belts for cracks or fraying.
- Test brake pedal feel and check brake pad thickness.
- Measure tire pressure (including the spare) and check for sidewall cracks.
- Measure tire pressure (including the spare) and check for sidewall cracks.

2. EXTERIOR & SHADE SYSTEMS

- Inspect roof sealant for cracks or peeling.
- Test all exterior lights (Headlights, Brake, Turn, Markers).
- Slide Toppers: Inspect rubber seals and fabric tension.
- RV Awning: Open/close to check frame stability and fabric integrity (no mildew/leaks).
- Clean and lubricate all awning and slide-out hardware.

3. INTERIOR & UTILITIES

- Tighten all cabinet hinges and appliance latches.
- Test house batteries and clean any terminal corrosion.
- Sanitize water lines and test the water pump/heater.
- Check propane lines with soapy water and test the stove ignition.
- Verify expiration dates on Smoke/CO detectors and Fire Extinguishers.
